Comb Sage Tea In Hair To Darken It It's Grandmother's Recipe to Keep Her Locks Dark, Glossy, Thick.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage. Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides prevents dandruff itching scalp and falling hair.

"TIZ" FOR ACHING, SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelling feet, tired feet. Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. "TIZ" draws out all the poisonous exudations which puff up the feet. Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25 cent box of "TIZ" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

With the next few weeks school opens again, and the little ones resume their studies, which in most cases means night work. This necessitates the use of the eyes by artificial light, and as the MAZDA Electric Light is the brightest, and nearest approach to Day Light, and far more economical than any other light on the market, it's THE light to use.

DECIDED INQUEST WAS UNNECESSARY

BODY OF NEGRO BURIED AT COUNTY HOME SUNDAY

REPORT IS FILED

Coroner Hardin Submits Testimony From Conductor and Motorman on Fatal Car.

The body of the unknown negro who was killed by a Piedmont & Northern car near Willamston Friday night, was buried Sunday at the county home. Coroner Hardin decided that no inquest was necessary since it developed that the man was asleep on the tracks and he could not be seen by the motorman because of a sharp curve in the road.

However, the following record in the case has been filed in the office of the clerk of court: Mr. O. T. White being sworn says: "I am motorman on the Piedmont & Northern line. I was on car going from Greenville, going south on the night of the 27th of August, 1915. Just south of Willamston, on a curve, the car struck a man who was killed. He was lying on the track. It was on a curve and we got too close on him to stop before hitting him. We stopped as quickly as we could. We had a good headlight. The man lived 30 or 35 minutes after he was struck. We then brought him on to Anderson to Tolly's, the undertakers. I blew for the station and road crossing."

Mr. S. G. Moorehead being sworn says: "I am conductor on the Piedmont & Northern line, and was on the car when it struck the unknown dead man. He lived some 30 or 35 minutes. When I saw the negro he was lying four or five feet from the track. I was the first to see him after he was struck. He never spoke. This occurred on a curve just south of Willamston. Where the man was lying on the track on the curve it was impossible to stop in time to prevent the accident."

The coroner made the following statement of his conclusions: "This is to certify that I was called to view the dead body of an unknown man the 28th day of August, 1915, at Tolly's morgue in the city of Anderson. After taking all the evidence that I could get I found that he was struck by a Piedmont & Northern car and killed. The dead man either voluntarily or carelessly lay down and went to sleep on the car track. In my opinion, the circumstances being considered, no living person was responsible for his death. This being my opinion I did not deem an inquest necessary."

WAS SEVERELY CUT AT BASEBALL GAME

ONE PIEDMONT MAN IN HOSPITAL, OTHER IN JAIL

BOTH PROMINENT

Will Shirley Received Wounds at Hands of Oliver Howard—Former is Improving.

As the result of a cutting scrape that occurred during a baseball game in Piedmont Saturday, Will Shirley is in the Greenville hospital and Oliver Howard is lodged in the stocks there, pending the results of Shirley's wounds. The two young men, who are both prominent in Piedmont, were attending the ball game when they engaged in a war of words which soon developed into a fist encounter. Suddenly Howard pulled out a knife and made for Shirley. The knife found its mark and Shirley was badly cut. The fight is said to be the outcome of an old grudge between the two men, of some months standing. Shirley was taken to the Greenville hospital about 8 o'clock Saturday night and was immediately operated upon by a surgeon. Howard was carried to Greenville by Constable Foster of Piedmont and was lodged in the city stocks. Reports from Greenville this morning were to the effect that Shirley was much better and was resting nicely.

EPWORTH LEAGUE IS PLANNING A SOCIAL

WILL BE HELD NEXT MONDAY NIGHT AT METHO-DIST CHURCH

REGULAR MEETING

Held Last Night and Rev. D. W. Made Very Interesting Talk—Results From Pictures.

There was an especially interesting meeting of the Epworth league yesterday evening. The program was one of special everyday interest. Rev. Mr. Dodge, of the Presbyterian church delivered the address. He chose as his subject "The Polished Shell" and developed it in a way that interested every one who heard him. He brought out numerous points that are so vital in everyday life, showing clearly that Christianity if of no vital good if it does not cause one to keep in closer touch with the needs of his fellow man and at the same time work out plans to help the people around about thus making the world brighter around us. Everyone present certainly derived a great deal of benefit from Mr. Dodge's address, and he will certainly be remembered in league circles.

Through the generosity of the manager of the Anderson theatre the league secured part of the proceeds on last Friday. Quite a number of the league members were at work selling tickets during the week to those who contemplated going to the theater that night. A good number of tickets were sold that way besides a great number of prospective buyers were worked up for the night. The league furnished a ticket seller and a ticket taker, and to add to the program still more a number of the young ladies of the league acted as ushers for the evening. Though the weather was somewhat threatening there was a great crowd at the show that night, and quite a nice little sum was realized from the evening's entertainment. The members of the league are very grateful both to the management of the theatre and to the splendid number of people who attended on that evening.

FOOD FOR BELGIUM COST \$60,000,000

Some idea of the volume of food purchases and shipments made by The Commission for Relief in Belgium, 71 Broadway, New York, during the summer months may be gained by the latest report of the commission, dated August 17. This report shows that including the grain and foodstuffs sent from United States ports alone, the shipments have reached a total of 548,216 tons, or 1,025,403,350 pounds. These figures, it should be remembered, do not include the cargoes sent from Canadian and other foreign ports, which would bring the aggregate up to, if it did not exceed 2,000,000,000 pounds, and the approximate total cost is nearly \$80,000,000.

ON THE LOS ANGELES TIMES EXPLOSION

Chicago, Aug. 30.—The United States commission on industrial relations today made public the lost of the reports to be printed at this time. It is a report by Luke Grant on the controversy between the National Erectors' association and the International association of Bridge and Structural Iron Workers. The report relates at length the history of the conflict between these groups of employers and unions. It goes into the history of the campaign of dynamiting conducted by officials of the union. The Los Angeles Times explosion, says Mr. Grant did not involve the International association of Bridge and Structural Iron Workers, except that the explosion was perpetrated by one of the agents who had been made use of by officials of this union in causing other explosions.

It's a short step from canning to rascality. The more money a man has the more he can refuse to lend.

Despondency Due to Indigestion. "About three months ago when I was suffering from indigestion which caused headache and dizzy spells and made me feel tired and despondent, I began taking Chamberlain's Tablets," writes Mrs. Geo. Hon. Macdonald, N. Y. "This medicine proved to be the very thing I needed, as one C's treatment relieved me greatly. I used two bottles of Chamberlain's Tablets and they rid me of this trouble." For sale by all dealers.

NOW LAYING CONCRETE ON S. MAIN STREET

APPROXIMATELY 1200 YARDS WERE PLACED YESTERDAY

WITH OTHER FORCE

Asphalt Plant Idle for Time Yesterday Owing to Breakdown—Car Track Paving.

Approximately 1200 square yards of concrete were placed on South Main street yesterday, the work beginning early in the morning at Church street on the west side of the car track and going south to Market. The advance crew of the grading forces are now below John street. For a short time yesterday morning the asphalt blinder was placed on Church street, beginning at the First Baptist church and was continued until it nearly reached Middle when a breakdown at the asphalt plant stopped the progress. Repairs were made at the plant yesterday and it will be running again today. City Engineer Sanders stated yesterday that Church street would be open to traffic by Thursday morning.

The concrete base on South Main will be allowed seven days to set and dry out. Friday morning the sand cushion will be put down and on Monday morning a force will begin laying the brick. After the brick paving is put down it must stand 10 days before it can be used.

Mr. Orr of the Southern Public Utilities company stated yesterday afternoon that all of the steel structural work on the car track on South Main would be finished some time today. The concrete force has reached Sayre street and is making good progress. They are expected to reach Norris street, where the work stops by Thursday.

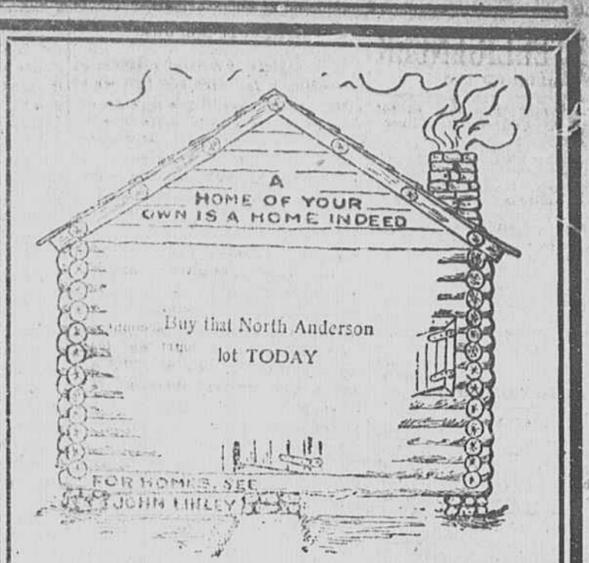

After the steel forces get through on South Main they will go to Lever street and will be followed by the concrete forces.

DEATHS

Death of a Child. Ibelle Beasley, the three months old daughter of Mrs. Julia Beasley at Riverside mill, died at the home of her mother Sunday morning. The funeral was held Sunday afternoon, the interment being made at Silver Brook cemetery.

BIRTHS. Born to Mr. and Mrs. W. O. Ulmer yesterday a baby girl.

Card of Thanks. We desire to thank our friends and neighbors for their sympathy and kindnesses and for the great tributes of flowers in the bereavement and loss of our son Hubert Hardy. May God richly bless them all. S. D. Hardy and Family

You have been thinking about buying YOUR North Anderson lot for several weeks, but so far you have not brought yourself to the point of closing the deal. Why?

You know that there isn't another section in or near the city that offers the advantages for a home-site that North Anderson does. You also know that as an investment, there isn't anything here to compare with this proposition; and your money is as safe as if it were in Uncle Sam's Treasury at Washington. Then why hesitate?

If you buy that lot today—YOUR portion of the profits of this North Anderson Development Company, on their very liberal "Profit Sharing" plan will be a good deal more than it will be if you want until September. Today is the last day of August.

Procrastination Is The Thief Of Time Which, In This Case, Means Money

See or 'Phone-- John Linley or 'Gene Watson 'Phones 647, 930, 310

The "German-American" Situation. (From the New York Sun.) It seems this morning to be about as follows: For Germany, a clearly recognized opportunity to get out of a legally and morally untenable position; and to get out in a manner likely to win back a certain amount of wavering friendship on this side of the ocean. For the United States peace, with honor. For the administration of Woodrow Wilson, well merited renown.

Jones—"I don't see your husband at the club of late. Mrs. Brown!" Mrs. Brown—"No he stays at home now and enjoys life in his own way as I want him to."—Houston Chronicle.
